Thank you Patricia,  
I did not get a email from Sheldon, but did get a voicemail which I returned. I gave him the full explanation. The spring dance gala should run tonight and as I told him I would standby and monitor it to make sure it plays correctly. As I mentioned to Sheldon the pre-arranged schedule is working. Just a bad day on Saturday. I have been in communication with various upset people, so I know about that and it is very upsetting to me too.

Jon -  
Since the NorthWest School of Dance "Spring Dance Gala" 2019 Friday evening that was suppose to be shown Saturday at 12:00 noon was not aired, I have added it in to next week's schedule. Is it going to air tonight at 9:30pm (Monday)? The disc was in your mailbox on Thursday as pre-arranged, but the show that aired was something from the prior week. Doc says he sent you an email asking if you needed the disc any sooner but since he didn't receive a reply, he put it there Thursday as pre-arranged. I had four phone calls from parents with NWSD asking why it wasn't on. This is upsetting. One lady had her parents with them so the grandparents could see it.

Thanks Dana,  
That's good feedback. We're run into that internally as well and are looking into why it's an issue. We should have it resolved soon.  
Much appreciated!

Thanks Jon. I think it's going really well, the only thing I see is that the time stamp for playing back the meetings isn't really aligned. I noticed it went I'm doing minutes and I click on one of the agenda items and it doesn't take me to that exact time in the meeting. But other than that everything is good.

**Subject:** Wave issues ticket #

The internet at the office has been bouncing up and down this evening so I escalated the issue with Wave.

The case # is 1355329

I'll check again on Saturday and Sunday and keep escalating until it is resolved. However, if the problem persists on Monday it will obviously be a problem for our Zoom meetings in the evening. I don't know if the county allows for anybody but them to do a recording from Zoom but I can try at least for the KPFD meeting from home.

I may need to request the recording from the county if the feed gets dropped. I'll reach out to the county on Monday if the internet is still flaky. I would do the KCC meeting in the studio so you can punch up the full-screen "technical difficulties" graphic (in with the other graphics pages for this week on the studio mac mini) if the feed drops during the live meeting. KPFD is record-only so do that from the Zoom-2 computer in the playback room on SDI-4. If the feed drops nobody will know and hopefully I can get a clean recording from home on my computer.
